The city is home to industry and businesses of all kinds, both large and small. Minneapolis and the surrounding 11-county region consistently ranks among the best places to do business in the U.S. Three things set Minneapolis apart: a robust and diverse economy, a highly educated workforce, and an outstanding quality of life. No wonder the metro makes the short list of site selectors, business owners, and entrepreneurs from around the globe.

No one knows Minneapolis the way we do! The Community Planning & Economic Development team can help you find answers to all of your questions about doing business in Minneapolis. Please contact [Andy Carlson](#) at (612) 673-5026 to get started.
